## Tough. Resilient.

The **konseal**<sup>®</sup> range of high quality PVC products are brought to you by TUBES & TUBINGS, an ISO Certified unit and one of South India's top manufacturing houses. **konseal**<sup>®</sup> specializes in PVC wiring pipes, Fittings and PVC Channels. **konseal**<sup>®</sup> has become the product of choice for responsible engineers and quality conscious end-users alike. With its highly organised network of dealers and capacity of over 1000 metric tons per annum, it is not surprising that **konseal**<sup>®</sup> rules for wide spread availability, reliability and affordability. Like the material that **konseal**<sup>®</sup> dedicates itself to PVC, the company has proven itself to be tough enough to withstand market pressures - and resilient enough to adapt to all kinds of market conditions.

Only virgin PVC goes into the making of **konseal**<sup>®</sup> - offering better quality, better fire resistance, and better shock resistance and 100% recyclable, thus making it environment friendly.

# **konseal**<sup>®</sup> IS:3419 PVC Conduit Fittings: Pure and Perfect

**konseal**<sup>®</sup> range of  PVC conduit fittings conforming to IS : 3419 are manufactured in 100% PVC, that too virgin. Hence these fittings are 100% safe, durable and resistant to fire and electric shock. They also withstand temperature up to 60 degree Celsius and voltage up to 2000 Volts.

**konseal**<sup>®</sup> Junction Boxes are fitted with rust free stainless steel screws. These features make **konseal**<sup>®</sup> PVC Conduit Fittings perfect and un-comparable.
